THE STUDY

About Us

A small, diverse and bilingual school, The Study holds strong traditions of innovation established in 1915. The Study was founded by Margaret Gascoigne who believed in the education of young women and instilling them with curiosity and determination.

Why Choose us ?

Mission

We empower each Study girl to reach her full potential by fostering academic excellence in an innovative English and French environment grounded in tradition.

Vision

The Study educates girls to become women who will thrive in, and shape an ever-changing world.

Diversity & Inclusion

The Study believes that by providing an environment in which all people feel valued, respected and have the same opportunities, we are sustaining the core of our mission and pedagogical vision.

ACTIVE OUTDOOR LEARNING SPACES

We believe that optimal learning environments enrich students' learning experiences and carve the path to their highest potential. The Active Outdoor Learning Spaces will provide students and teachers with outdoor classrooms and age-appropriate play spaces and structures.

This is a project that blends innovative approaches in pedagogy that include immersing students and teachers in the natural environment, while incorporating trends in sustainable design principles.

TRIVIA NIGHT

FUNDRAISER AND AUCTION

Who will win the Trivia Trophy?

Join us this holiday season for a fun-filled evening of trivia and brain-teasing questions. This is your opportunity to show off your trivia knowledge, participate in the silent auction and win a prize or two.

The evening promises to bring together our Study community, as we enjoy elevated pub-style food and wine supplied by Bambara Selection. Play by yourself or with a team of up to 5 people and test your knowledge in a variety of categories. Doors open at 6:30pm and play begins at 7pm. A silent auction using mobile bidding will also be taking place. Sign-up as a bidder and out-bid your friends and family. Get your game on.

Proceeds to The Study's Active Outdoor Learning Spaces.
